About UTSA Online

UTSA Online offers the **same degree, same faculty, and same rigor** as traditional programs at UTSA. Courses are offered in **16-week** and **8-week** sessions.

Note: Not all programs are available at UTSA Online, but we are still growing. Check out our current programs.

» UTSA Online students are **Option III**, which means the program is self-sustaining and does not receive any state funding. See the **Cost** section below for more information.

» Only students who are admitted to UTSA Online may enroll in online program courses.

» **The difference between UTSA Online and Internet Courses:**
  » Internet courses are taught in an online format for students who are admitted to a UTSA Residential program.

  » Online courses are exclusive to the UTSA Online program.

Admissions Frequent Questions

» **Does UTSA Online process their own admissions?** UTSA Online students are admitted the same way traditional UTSA students are. All students must apply to the admissions office to be processed.

» **How do students apply for the UTSA Online program?** UTSA Online Students have
3 application options:
   - » ApplyTexas
   - » CommonApp
   - » Scarlet (Exclusive to the online programs)

» **Do current UTSA students who want to apply to UTSA Online need to reapply?** UTSA students do not need to reapply to enroll in a UTSA Online program. They simply need to contact our enrollment team at **210-458-4000**. | **Note:** Students cannot be enrolled in a Residential and Online program at the same time.

» **What if prospective students applied to residential but change their mind and want an online program?** Students can fill out the Change of Major Appointment Request form on the Advising website. One of our enrollment counselors will contact the student to walk them through the process and help them understand their options.
